PROFILE

Passionate and results-driven Flutter Developer and Community Leader with a strong foundation in software engineering. Proven expertise in building scalable, cross-platform mobile applications featuring complex integrations such as Bluetooth Low Energy (BLE) and real-time data visualization. Award-winning problem solver with a track record of delivering innovative Health-Tech and E-commerce solutions. Committed to writing clean, efficient code and fostering technical excellence within teams.

PROFESSIONAL EXPERIENCE

Skilspire, Team Leader 02/2025 – 07/2025 | Egypt
Guided a team of developers through the software development lifecycle, ensuring timely delivery of technical projects.

OIROV, software engineering 12/2023 – 10/2024 | Egypt
Contributed to core software engineering tasks, developing efficient code and participating in system testing and debugging.

GDG obour

PR Leader 09/2025 – Present
Manage public relations initiatives to boost community engagement, visibility, and participation in Google Developer tech events.

Leader Flutter 09/2025 – Present
Direct the Flutter technical community by organizing workshops, coding sessions, and mentoring aspiring developers.

Ecradom, Flutter Developer 08/2025 – Present | Egypt
• Develop, test, and deploy robust cross-platform mobile applications using Flutter and Dart.
• Collaborate with UI/UX designers and cross-functional teams to translate design requirements into highly responsive user interfaces.

PROJECTS

EEG Calm, Flutter Developer 11/2025 – 11/2025
• Engineered a health-tech mobile application designed to monitor brain activity and alleviate stress through breathing exercises.
• Successfully implemented Bluetooth Low Energy (BLE) to connect the app with EEG headsets, enabling real-time brainwave data processing.
• Utilized FL Chart for interactive real-time data visualization and built a secure user authentication system using Firebase.

Horus Gym, Flutter Developer 01/2026 – Present
• Developed a comprehensive fitness and E-commerce platform that combines personal training pathways (cardio, bodybuilding, nutrition) with sports shopping.
• Integrated seamless Google and Email authentication using Firebase.
• Built a categorized exercise library and a fully functional integrated store for supplements and fitness products.

LANGUAGES

• Arabic • English

EDUCATION

Egypt Bachelor's Degree Student (Computer Science / Software Engineering), Obour Institues 10/2023 – 06/2027 | Egypt

AWARDS

1st Place Winner, Code Craft III, IEEE OCS 15/04/2026

1st Place Winner, Code Craft II, IEEE 29/04/2025

COURSES

Flutter Development, NTI 02/2026 – 05/2026 | Egypt

Flutter Development, EraSoft 01/2025 – 06/2025 | Cairo, Egypt

 TECHNICAL SKILLS

Mobile Development

Flutter, Dart

Architecture & Core

State Management, Clean Architecture, Problem Solving

Backend & Tools

Firebase (Authentication, Database), RESTful APIs

Specialized Integrations

Bluetooth Low Energy (BLE), Real-time Data Visualization (FL Chart)
